THE COUNCIL FOR TOBACCO RESEARCH–U.S.A., INC.
110 EAST 59TH STREET
NEW YORK, N. Y. 10022

DONALD H. FORD, PH.D.
ASSOCIATE RESEARCH DIRECTOR

Nov. 1, 1983

Memorandum

To: Mr. Robert Gertenbach

Re: CTR support for a roundtable discussion on the effects of nicotine and smoke on the developing nervous system. The meeting is to be held in Chieti, Italy, June 24-28, 1984. Dr. Abel Lajtha from the Rockland Research Foundation, Institute for Neurochemistry is the organizer of the Roundtable.

Request: $3500 to help support the travel expenses of seven of the eight speakers. These individuals are all CTR grantees, or ex-grantees. They are as follows:

A. Lajtha Institute for Neurochemistry , New York City.
H. Sershen Institute for Neurochemistry, New York City.
I. Black Dept. of Neurology, Cornell Medical Center, New York City.
B. V. Rama Sastry Dept. of Pharmacology, Vanderbuilt University, Nashville, Tn.
P. D. Lewis Hammersmith Hospital, Dept. of Pathology, London, England
N. Hagino Dept. of Anatomy, University of Texas, San Antonio, TX.
G. Mitchell Dept. of Anatomy, Wayne State School of Medicine, Detroit, MI.

The request was approved by the Executive Committee of the SAB at the October 1983 meeting. It was further indicated that the supporting travel funds should be paid directly to the individual participants rather than to the organizing committee of the conference.
